Dear Mr. Drake:

This is to inform you that the meeting between the Illinois Environmental Protection Agency, Attorney General's Office and the respondents to our information request letter will take place at 10:00 AM at the Southern Illinois University at Edwardsville. The meeting will be held in the Redbud Room at the University Center.

As referenced in my October 13, 1989 letter, I have enclosed an agenda for the meeting. Thank you in advance for your cooperation.

Sincerely,

Paul E. Takacs

MIDWEST RUBBER RECLAIMING DIV.
MEMORANDUM

Date August 10, 1989

To Ken Hawkins

From Horace J. Drake

Subject ATTACHMENTS

The attached material came in by regular mail today. This matter has been brewing for years and we are already charged as PRP in two other clean ups; there are about 13 more areas in Sauget labeled as "hot spots" where we may or may not be charged as PRP.

I personally know of no hazardous waste we have sent to the two areas described but in Sauget meetings have heard both described as former landfill sites where it is said Midwest did dispose of waste and refuge. There are no records available at this plant to support that information. While I am aware of no records that reflect it I have heard that before World War II the Area 1 or Dead Creek Area received sewage from Midwest.

As difficult as it is I must admit a lack of expertise in handling this type matter and seek assistance in the preparation of any response. We are talking millions of dollars in remedial action on any of these areas. Note also response deadlines.

Please advise.
